Protecting Eyes Globally, Envisioning the Future...

Curv-i offers exceptional protection over the full orbital eye area, adjustable temple length and pantoscopic movement. The molded-in nosepiece adds to the rigidity of the lens delivering more strength where it's needed most.

Adjustable temple length and pantoscopic movement

Anti-Fog/ Anti-Scratch Polycarbonate lens absorbs 99.9% UV

Molded-in Nosepiece

Curv-i™

Lenses Clear, Gray, Amber & IR3

Curv-i safety eyewear comes standard with "i-Cote" Anti-Fog/Anti-Scratch coating, 99.9% UV protection and an eyeglass cord. From our perspective, these features are mandatory on safety eyewear, not options! Curv-i eyewear meets ANSI Z87.1-2003 and EN 166:2001. Driving the standard forward. Envisioning the future...
