## Distinct colour to mask stains for special applications

### DESCRIPTION

- Distinctive black colour hides stains and provides a contrasting backdrop for identifying lighter coloured material.
- Offers a higher tensile strength compared to both ASTM D6319 and EN 455 standards, allowing the hands to move freely and comfortably while wearing the Microflex 93-852.
- Fully textured design and non-foaming formula enable wearers to have a firm wet grip when handling objects.
- Contains no natural rubber latex and powder-free, to help protect wearers from Type I skin allergies, skin irritation and dryness.
