

Previously known as: ActivArmr®Workguard™43-216

Heat

Welding

Heavy Duty

These industrial heat-resistant gloves offer high levels of durability, control and protection from heat, flame, sparks and puncture.

- These industrial heat-resistant gloves provide EN12477 Type-A protection for demanding welding and thermal job tasks.
- Suitable for stick and MIG welding, as well as torch cutting and grinding.
- Previously known as the WorkGuard™ 43-612, these gloves offer an improved 3-dimensional thumb design that greatly increases fine dexterity for precise welding control. Premium split cowhide leather and welted seams with Kevlar® thread ensure durability in use.
- Comfortable cotton lining provides thermal insulation and extended comfort.
- Long cuff extends protection over the forearm.

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Automotive Aftermarket
- Oil and gas

Applications

- Welding, bonding, riveting
- Metalworking & assembly operations
- Equipment repair & maintenance

Previously known as: ActivArm[®]Workguard™43-216

Key Features

- Improved 3-dimensional thumb design for fine dexterity and control
- Premium split cowhide leather and welted seams with Kevlar[®]
- Cotton liner for enhanced protection
- Long cuff for enhanced protection
- Do not use in heavy-duty cut applications. The glove is not liquidproof, hence is not to be used with chemicals
- Keep away from sources of ozone or ignition. Keep out of direct sunlight. Store in a cool and dry place

Technologies

Performance Standards & Regulatory Compliance

REACH Compliant
