

Oil

Heavy Duty

For workers who rely on consistent quality industrial gloves to protect them from workplace risks and help them do their job more effectively

- A cost-effective solution for heavy weight applications requiring a good level of abrasion resistance along with liquid repellency.
- Nitrile dipped cut and sew glove for heavy handling, offering good resistance to abrasive material.
- Stronger and more flexible than PVC, provides a good barrier to grease and oil and does not degrade like leather or latex.
- The economical choice for a heavy duty glove solution with quality features.

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Recycling and Waste Disposal

Applications

- Cold plastic moldings
- Heavy-duty cables
- Rough casting and cores
- Steel bars, sheet metals, cans and other metal products
- Street cleaning and refuse collection

Key Features

- Good level of abrasion protection
- Nitrile coating delivers long-lasting performance
- Oil and liquid repellent

Vulcanization Chemical Accelerators

- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

Performance Standards & Regulatory Compliance

REACH Compliant
